BROTHERS ALL

"Hold on, my friends, to the Constitution and to the Republic for which it stands. Miracles do not cluster, and what has happened once in 6000 years, may not happen again. Hold on to the Constitution, for if the American Constitution should fail, there will be anarchy throughout the world."—Daniel Webster

"In the long history of the world, only a few generations have been granted the role of defending freedom in its hour of maximum danger." - JFK

"Since the birth of our nation, our liberty has been purchased by valiant men and women of deep conviction, great courage, and bold action; the cost has often been at tremendous sacrifice. We need to be those valiant men and women of deep conviction, great courage, and bold action in defense of our Constitution; and that is not without sacrifice. Considering the sacrifice so many have made for us, is it not only proper that we make whatever sacrifice is demanded, for the preservation of Liberty and freedom for our children, our grandchildren, their grandchildren and for AMERICA?"

Dr. Wm. Scott Magill

"Look carefully how you walk, not as unwise men but as wise making the most of the time for the times are evil." - St. Paul to the Ephesians'

"Love your neighbor as yourself, love your country more than yourself." Thomas Jefferson 2-21-1825

"Our cause is noble; it is the cause of mankind."

George Washington

**VETERANS IN
DEFENSE OF
LIBERTY**

Born on the 4th of July

"The present Constitution is the standard to which we are to cling. Under its banners, bonafide must we combat our political foes." --Alexander Hamilton, 1802

**NOT ABOUT PARTY
ABOUT COUNTRY**

WE, VETERANS of the United States of America, recognizing no time limit on and reaffirming our oath:

"I, _____, DO SOLEMNLY SWEAR (OR AFFIRM) THAT I WILL SUPPORT AND DEFEND THE CONSTITUTION OF THE UNITED STATES AGAINST ALL ENEMIES, FOREIGN AND DOMESTIC; THAT I WILL BEAR TRUE FAITH AND ALLEGIANCE TO THE SAME; ... SO HELP ME GOD,"

Come together as **"Veterans In Defense of Liberty."** in one accord, as one body, as one voice

and with one purpose. Bearing the authority entrusted to us by our Founding Fathers and recognizing that Liberty is endowed by our Creator and protected by our Constitution we pledge to: protect ourselves, each other, our posterity, our states and our country by defending our Constitution as a contract, not a living document, from all abuses of power, violations and tyrannical acts, from within or from without our nation and our government. We shall assure that any elected official guilty of such abuses, violations or tyrannical acts, shall be exposed and removed from power by the electoral authority and replaced with one who is bound to the Constitution and true to the intent of our founders.

Recognizing that, "Liberty is not the natural order; it comes with a price. That price may include inconvenience, ridicule, danger, or even poverty. But whatever the price, liberty is worth it. May we somehow remember and never again forget that no price is too high," We pledge as did our founders, "our Lives, our fortunes and our sacred honor," that liberty and those passionate principles which are America, shall not perish from the earth. **NOT ON MY WATCH! NOT ON OUR WATCH!**

"Liberty must at all hazards be supported. We have a right to it, derived from our Maker. But if we had not our fathers have earned and bought it for us at the expense of their ease, their estates, their pleasure and their blood." - John Adams

OUR MISSION

To recruit, educate, train and motivate individuals to run for public office who are irrevocably committed to uphold and fight for constitutional principles and the preservation of our Republic.

To educate ourselves and our fellow Americans, many of whom have been intentionally de-educated, to the truth of the our founding principles and our Constitution, which have made America an exceptional nation above all nations.

To promote conservatism in the tradition of the Founding Fathers.

To watchdog elected officials and insure their adherence to conservative principles of our Republic.

To identify and oppose those individuals, groups and agendas that would, knowingly or otherwise, bring about the loss of our freedoms and the destruction of our Republic through the violation of the Constitution and the erosion of the traditional founding values and morals.

To inform and educate the public regarding correct principles relative to issues and the quali-

cations of candidates for public office.

To maintain the integrity of our Republic based on correct moral and constitutional principles. Then to use these principles as a criterion of accountability for elected officials.

To understand the concept of "Confrontational Politics," as championed by Sen. H.L. Richardson. To understand how this concept has been used by those intent upon the destruction of the United States and to understand their methodology in order to combat them effectively and permanently. To do anything less would be to; "Abdicate the field of American politics which upon reflection, is unthinkable, not to mention moral cowardice."

To convey to all veterans the urgency of the moment, which requires the continued fulfillment of that oath we all swore to, calling upon the name of God. For swearing, by His name, we also made ourselves responsible and accountable to Him for the continued discharge of our duty.

To secure for ourselves and our posterity the blessings of Liberty, endowed by our creator and protected by the Constitution of the United States of America.

Making the most of our time.
