

“...Veterans in Defense of Liberty® has taken on that challenge. Their Champions of Liberty™ program is raising a force of Constitutional warriors

who, as American military veterans, know how to accomplish their mission and achieve victory on any battlefield --including the battlefield of ideas now raging across our land. I commend you for enlisting America’s proven warriors, and equipping them with the invincible weapons of knowledge and truth, in this must-win battle to restore our Constitution and preserve our freedom and liberty for generations yet unborn.”— **THOMAS G. MCINERNEY LT. GEN. US ARMY (RET)**

For decades millions of America veterans have been asking, “What can we do to continue honoring our oath and recover the now defiled American Constitution. How do we reclaim the correct moral Constitutional values of our Republic? Where are the leaders America needs leaders?” Champions of Liberty™ provides the answer: be instilled with an in-depth understanding the significant issues of the day facing our nation; and be the leaders to lead the charge against those, who would attempt to deny our cultural distinctiveness and superiority. You will hold the leadership tools to handle the various media traps that have so often tripped up those who would have lead us to liberty.

Americas threat comes not from any external force—no foreign power could ever destroy our nation—only from within. If our Constitutional Republic is to endure, we must be willing to defy our opponents and utterly annihilate them in the arena of ideas. Failure to do so would betray future generations.

For this reason, the Champions of Liberty™ program undertaken by Veterans in Defense of Liberty® (ViDoL) has instituted; equipping military veterans to fulfill their life-long oath to

“DEFEND THE CONSTITUTION OF THE UNITED STATES AGAINST ALL ENEMIES, FOREIGN AND DOMESTIC.”

“No one is more qualified to explain to our fellow citizens why America is worth fighting for, and dying for, than her veterans. I commend Champions of Liberty for training and equipping these respected role models ...”

"I would like to highly recommend the Veteran's In Defense Of Liberty conference ... I did so because a couple of highly regarded veterans and veteran advocates in our area suggested that it would be a prudent use of one's time. Prudent was a vast understatement, with the amount of content and perspective that was shared I would have considered this conference a massive success after just the first couple of days. The knowledge imparted on our cohort from the retired General, former Congressman, Constitutional attorney, White House communications consultant, university president, Hollywood actor and Congressional Medal of Honor recipient made this one of the most well spent and informative conferences I have EVER attended...and this includes a Harvard Business School conference."

- **STEVE LEWANDOWSKI - U.S. NAVY**

"The Veterans in Defense of Liberty's "Special Operations Training" program called "Champions of Liberty™" was the most inspirational and informative event that I have had the honor of attending. ... I would encourage any veteran who receives an invitation to attend the Champions of Liberty program - do so!"

- **WAYNE E STANLEY,**
SERGEANT MAJOR, USA, RET.

"This gathering of like minded veterans with concern for the future of their country was so inspirational, it is almost beyond words. The speakers were beyond amazing, with an incredible wealth of knowledge. ... Plus, I met people and made friends that will stay with me for quite some time, if not the rest of my life. I left feeling on fire for the cause of preserving and protecting our Constitutional way of life from those that would seek to destroy it. I HIGHLY recommend this for ALL Veterans, and honestly, EVERY American!"

- **THOMAS P. SCHAEFER - U.S. ARMY**

"I am forever changed, for the better, by the education I received from those who were instructing, during the week, in training, with "Champions of Liberty", and also from those attending. I can't imagine a more unique or inspiring educational experience. The training, instructors, content, and all accommodations were beyond expectations. I feel privileged and blessed to have been able to have been a part of this inaugural class. I am, truly, grateful to have met Dr. Magill and to have met the rest of my fellow "Champions of Liberty™". I am honored to stand among them. " - **JAMISEN MYERS - U.S. ARMY**
